PROFESSIONAL SUMMARY

As a web developer with a strong foundation in full stack technologies, I am excited to continue growing my skills and gaining real-world experience. I am dedicated to staying up-to-date on the latest technologies and best practices. I am constantly seeking out opportunities to learn and improve, whether through self-study or working on personal projects.

PROJECT EXPERIENCE

TrayectoAI   **San Diego, CA**
Founder - Job Hunting Software   *Apr 2023 - Present*

- Developed a comprehensive, AI-driven, job hunting platform that enables users to effortlessly browse, save, and apply to job posts.
- TrayectoAI provides features for generating resumes, cover letters, and mock interviews tailored to specific user-saved job posts.
- **Typescript, ReactJS, SASS, ContextAPI** front end.
- **NodeJS, MongoDB, OpenAI API, JSearch API** back end

Karoz   **San Diego, CA**
Founder - Project Management Software   *May 2022 - Nov 2022*

- Developed a highly intuitive interface empowering users to effortlessly create boards and effectively organize tasks into customizable columns, promoting seamless workflow management.
- Implemented functionality for task creation, assignment, and tracking progress. Enhanced user experience by incorporating subtasks and detailed descriptions for comprehensive task management.
- **ReactJS**, **ContextAPI** front end
- **Firebase** back end as a service.

WORK EXPERIENCE

San Diego Community College School District   **San Diego, CA**
Web Development Project Assistant   *Jul 2023 - Present*

- Created dynamic web pages for the school's website to showcase upcoming events and projects, incorporating engaging design elements and ensuring seamless navigation for users
- **HTML/CSS, Javascript**, **ReactJS** front end.
- **RESTful APIs, PHP, MongoDB** back end.

WOBJay   **San Diego, CA**
Front End React Developer   *Dec 2022 - Jun 2023*

- I aided the creation of a CMS platform by enhancing a drag-and-drop library through custom hook development and implementation. I closely cooperated with backend developers for seamless integration and conducted performance testing on novel features.
- **Typescript, ReactJS**, **SASS, React Router v6**, **ContextAPI** front end.
- **NodeJS, RESTful APIs, MongoDB**, **MySql** and **GraphQL** back end.
- **Agile/Scrum** methodology.

LEADERSHIP EXPERIENCE

AVent Techs   **San Diego, CA**
AV Project Lead   *Jan 2021 - Dec 2022*

- Coordinated and supervised a team of 15 AV technicians, effectively delegating tasks based on client requirements and project deadlines, ensuring on-time delivery for all projects.

EDUCATION

San Diego Mesa College   **San Diego, CA**
Associates Degree in Web Development   *Graduation Date: Jun 2023*
